RE: Homeward Pet Adoption Center Celebrates 25 years!

LOCATION: Homeward Pet, 13132 NE 177<sup>th</sup> Place, Woodinville, WA 98072

DATE: February 28, 2015 and All Year Long

**Woodinville, Wash—** This February, Homeward Pet's 25<sup>th</sup> Anniversary Celebration is a silver-studded, spectacular salute to the stars of our success: dedicated donors, powerful partnerships, abundant adopters, faithful fosters, valuable volunteers, cuddly canines and fabulous felines!

With this special support behind us, our furry friends are hoping to fetch 250 donations of \$25 in February '15!

Every donation benefits the animals awaiting their forever homes. Every \$25 provides vaccinations, food, microchips and more essential care.

Plus, on February 28, Homeward Pet Adoption Center will hold their special Silver Anniversary Adoption Event. **All adoptions will be just \$25**, with the goal to send a record number of dogs and cats to their forever homes!

Visit <http://www.homewardpet.org> to learn more about Homeward Pet and to see their available cats and dogs. At Homeward Pet our skilled Adoption Counselors are ready to give you personal, one on one attention to help you find the best match, one that will become a lifelong member of the family. Remember, adopting a spayed or neutered animal helps reduce pet overpopulation and saves one more cat or dog from being homeless.

This year, Homeward Pet Adoption Center celebrates 25 years as one of Washington State's leading non-profit, no-kill animal shelters, with special events and adoption promotions throughout 2015. Serving the Greater Seattle area since 1990, Homeward Pet has matched over 24,500 dogs, cats, puppies and kittens with new, loving, forever families. Many of the animals given a second chance at Homeward Pet are rescued from shelters that are often forced to resort to euthanasia.

The Homeward Pet Low Cost Spay & Neuter Clinic provides affordable surgeries for the pets of reduced income families, and the Homeward Pet Food Bank partners with 25 local retailers and 10+ area food banks and outreach programs to distribute pet food and supplies to families in need in our community. More information at [www.homewardpet.org](http://www.homewardpet.org).
