received pet
behavior support

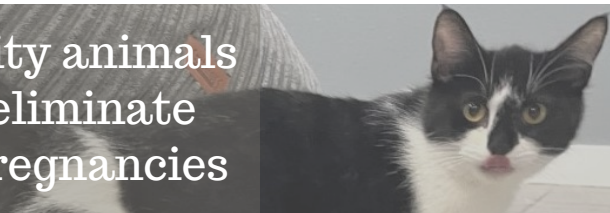

1,500
matches made
(through our shelter adoption
and Home to Home Programs)

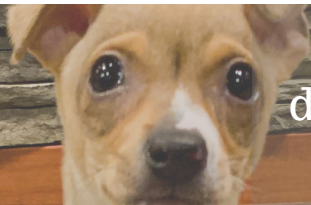

142,259 pounds of
food donated to
the community

372 community animals
altered to eliminate
unwanted pregnancies

57,933 hours
donated by loyal
volunteers

296 surgeries performed
in our vet clinic to
improve quality of life

2023 In Review

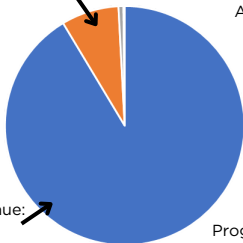

Our annual Impact Report is more than just numbers. It shows the effects of your actions, combined with the skills and passion of our staff and volunteers, to change the lives of thousands of animals and people.

- Families across the region received individually tailored support for their pet's behavior needs, keeping them in their homes and out of shelters.
- The length of time an animal spends in our shelter decreased across the board, with cats' average time reduced by half.
- People struggling financially received pet food through their area food banks. And seniors in facilities like Alderwood Court and Homage Services received pet food assistance to keep pets in the home and improve their quality of life.
- Our Last Litter program helped reduce the future population of shelter animals through spay/neuter. We saw a 32% increase in the use of this program, which helped rehome 168 animals.
- Whoopi's Fund for Animals with Special Needs helped critically injured and ill animals receive life altering surgeries that saved and improved lives.

You have impacted the lives of thousands of animals and families in 2023. Together we will do even more in 2024.
