Why You Should Sponsor

Showcase the softer side of your business.

People do business with companies that share their values. And we know you value the animals that share our lives - the animals that provide us all with a feeling of security and calm.

As a sponsor, your business will receive prominent recognition leading up to and during the event through signage, digital promotion, and on-site visibility.

With strong foot traffic and a welcoming, interactive atmosphere, the 5K offers meaningful opportunities to showcase your brand, engage with participants, and demonstrate your commitment to animal welfare and community impact.

Beyond visibility, your support helps fund critical programs that keep pets safe, healthy, and in loving homes - from adoption and foster care to veterinary services and pet retention programs. It's more than sponsorship - it's a chance to be part of something that brings people together for a powerful purpose.
